

**Amazing
New Product**

Multi Purpose Lubricant

**Makes All Other
Household
Lubricants Obsolete!**

**“One of the finest
Lubricants ever made”**

Lubricates. This is a truly amazing product! With its extreme pressure additives, one drop withstands up to 80,000 lbs of pressure!!

Protects. ProTecta Precision Oiler literally bonds to the metal and remains resident for very long periods of time. It is also water resistant and will provide maximum protection against corrosion in fresh and salt water conditions. The polyol ester base is completely synthetic so it will not harm or cause rubbers or plastics to swell or become brittle.

Penetrates. ProTecta Precision Oiler will work its way into where it is required and lubricate parts where they need it!

Cleans. Just one drop exactly where you need it will give you ultimate cleaning power!

- Tools, Drills & Knives
 - Hinges, Locks & Clocks
 - Remote Control Vehicles
 - As a Cutting Oil for Drilling
 - Bike Chains & Skates
 - Fishing Reels & Firearms
 - Children's Toys & Swings
 - Sewing Machines
- Almost Anywhere!

The precision ‘needle stick’ applicator gets the oil exactly where you need it, not all over everything else! Operates in Extreme Temperatures – from -50 to 315 °C!
